

JANASTU PROUDLY PRESENTS

Kishori Films Festival 2021

The Film Festival (KiFi) 2021 is exciting as we open the space for "Kishori Girls" to express themselves through short films. The objective is to showcase beautifully woven, intricate stories as seen through the camera lens of young women from local communities. We present this myriad of colors as a kaleidoscope, for the world to look through and celebrate life.
